LAP OF LUXURY

Rich girls know how to fuck with attitude. **Lux** appreciates all the finest imported goods and designer clothes, but when it comes down to it, it's not the material goods that get her off—it's the power and respect this classy piece of ass receives. "Guys think I'm out of their league, so when I fuck them I have total mind control over them," admits our manipulative minx as she sinks a glass wand into her tight little twat. "And I love being in control."

Fair-haired A-list hotties, **Embry Prada** (brown eyes) and **Holly Taylor** (blue eyes), do everything and everyone together. The two spend their days and nights climbing the highest rungs of the Hollywood social scene by fucking anybody and everybody who can give them a leg up in Tinseltown. These two nobodies told the pair of golden-haired girls they were big-time agents looking for girls who wanted big parts. Embry and Holly love big parts! Maybe they can't act their way out of a pair of wet paper bags, but they can sure suck and fuck their way to fame, one stinking hot facial cumshot at a time.

Jessica Sierra SUPERSTAR

By ROB PEREZ

ALL IMAGES COURTESY OF VIVID ENTERTAINMENT

She was a finalist on Season Four of *American Idol*. Jessica Sierra...one of the judges favorites...the brash, throaty singer who was part punk, part rock and just a little too dangerous for prime time. She went on to tour and record, and to party and drink. Next stop was VH1's *Celebrity Rehab*. Along the way, she pleaded no contest to cocaine

Jessica, who was 22-years-old when the sex tape was released, was eliminated from the *American Idol* on March 30, 2005 after singing "On The Side of Angels." Even Simon Cowell said she was one of the strongest vocalists on the show. Vivid Entertainment—the reigning king when it comes to celebrity sex tapes—obtained the leaked celebrity sex tape from an any-

possession, did some jail time, and made a full-on, hardcore sex tape with her then-boyfriend that's every bit as wild as everything else she does. Get ready, Jessica Sierra will make your pulse race and your

mous third party, which contains 72 minutes of raw, sizzling footage.

While initially looking promising on *AI*, since the harshest of the judges, Simon, inti-

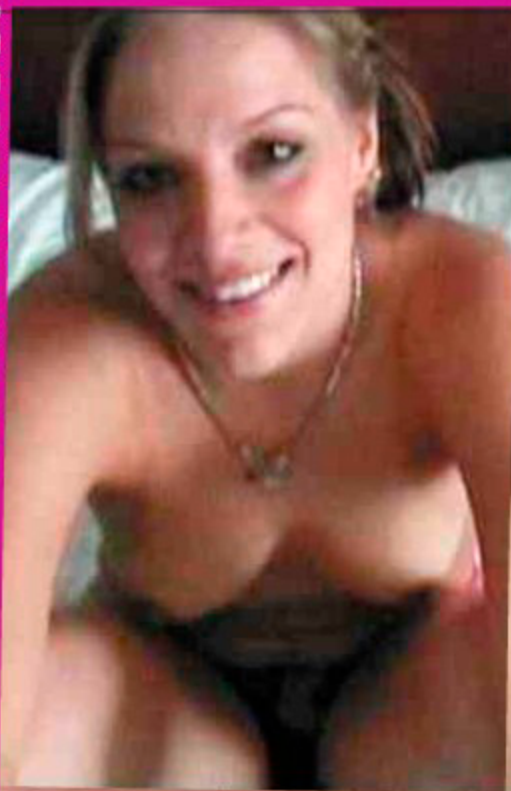

head spin—and that's no idol threat. Vivid Entertainment's *Jessica Sierra Superstar* features the star riding in a car talking about sex, flashing her breasts, naked in the bathtub, taking a shower, and having sex with her man, all the while the two discuss *Idol*'s Season 4 hopefuls—and believe us, you'll want to hear what she has to say about her fellow contestants.

mated that she was truly gifted, Jessica's poor song selections and weak vocal presentation caused her to lose out before too long. Songstress Carrie Underwood ended up being the ultimate winner of Season Four. With her life in transition, Jessica started doing all sorts of crazy things, including piling up an arrest record. On April 29, 2007, Sierra was arrested at a Tampa bar after throwing a glass at a fellow bar patron. During her booking, cocaine was found in her purse; she subsequently was charged with assault and possession of cocaine. Prior to her plea and sentencing on these charges, Sierra participated in a VH1 rehab reality show run by Dr. Drew Pinsky called *Celebrity Rehab with Dr. Drew*. On November 19, 2007, after regular filming on *Celebrity Rehab* had ended but before the series aired, Sierra pleaded no contest in a Tampa courtroom to the assault and cocaine possession charges and was sentenced to 12 months probation. Less than 2 weeks later,

on December 1, Sierra was arrested again at a Tampa bar, this time for disorderly intoxication (misdemeanor), resisting arrest without violence (misdemeanor), and violation of her probation. The police report of the

incident stated that Sierra was out of control, offered a sexual favor to one of the arresting officers, and vomited in the police car. On January 7, 2008, after spending 39 days in jail without benefit of bond, she was sentenced to time served, plus 12 months in

behalf from Dr. Drew Pinsky. In the plea Pinsky stated that while the treatment she received while on the show was not adequate considering her level of addiction, he felt that she would have a better chance of recovery if she participated in a year-long

rehab at the Pasadena Recovery Center, the same California rehab center where *Celebrity Rehab* was filmed, as well as three additional years of probation. The judge's sentence followed a plea to the court on her

treatment program. As part of her probation terms, instead of a possible ten-year prison stint, Sierra was also prevented from getting within 100 yards of a camera or microphone, a restriction that kept her from participating

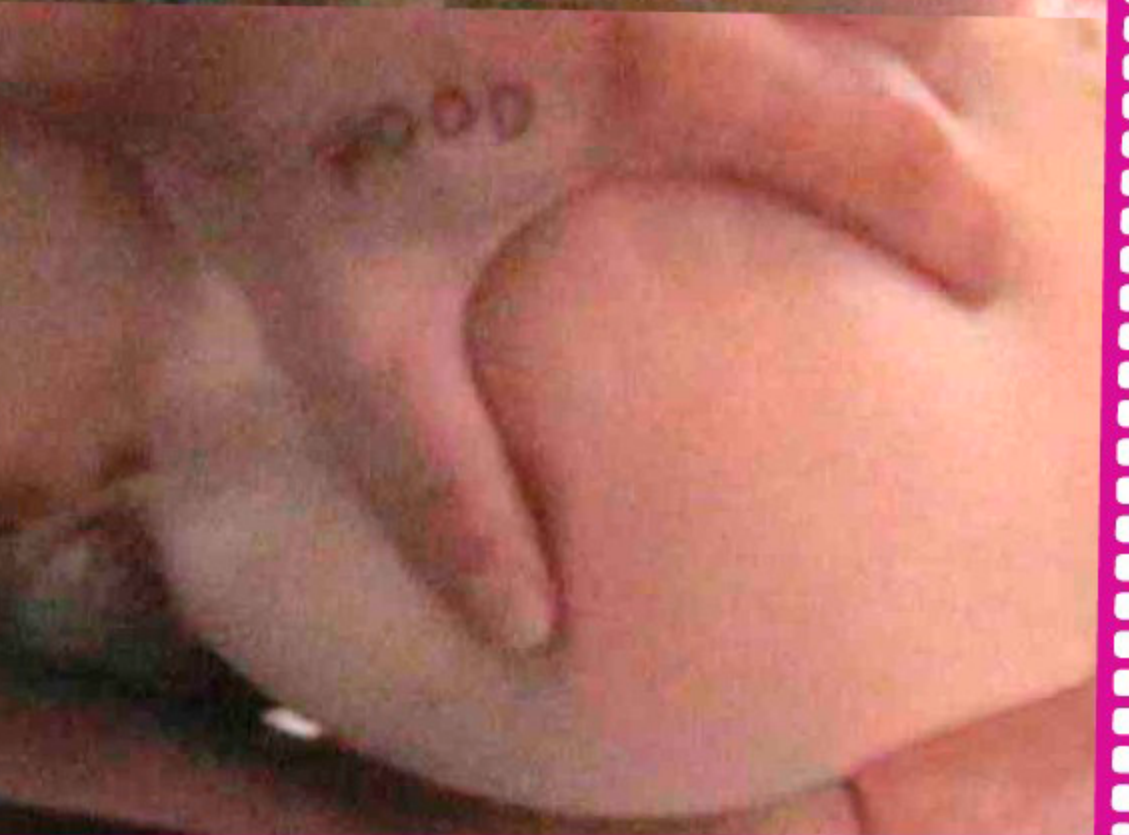

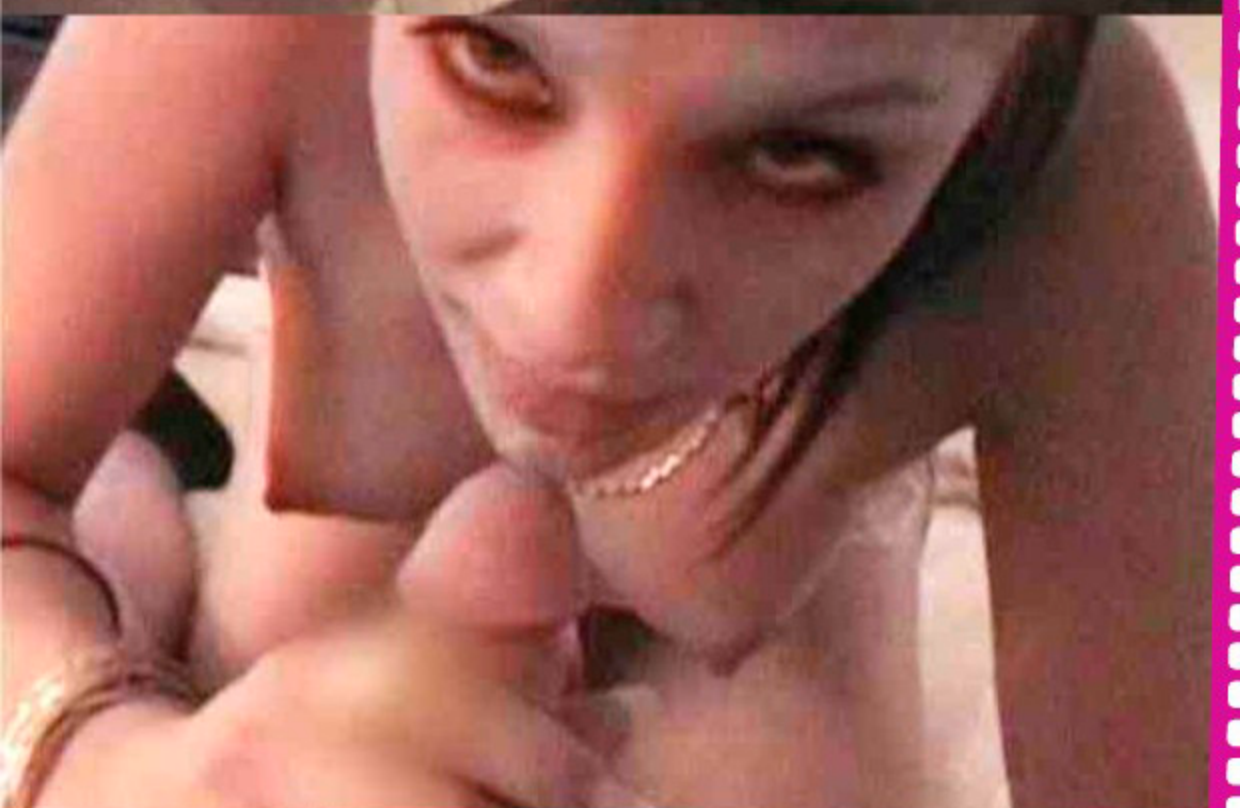

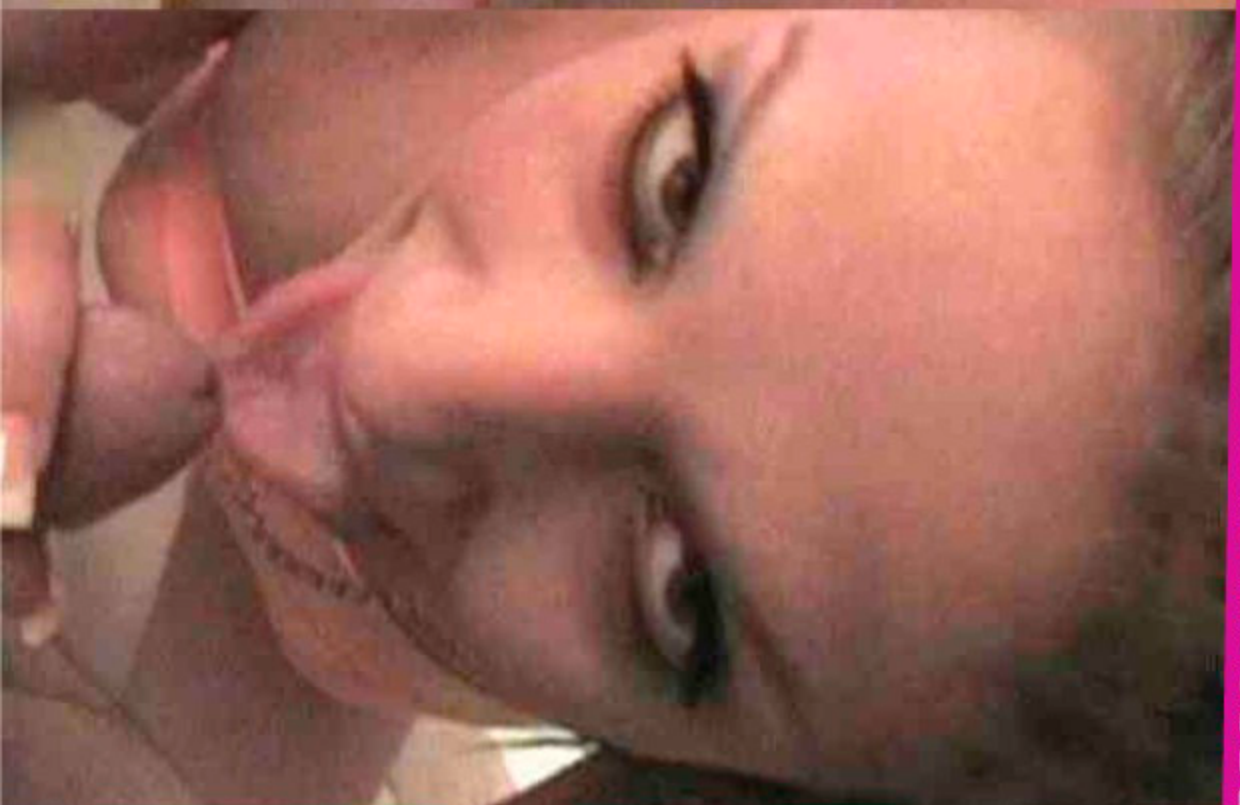

in the reunion episode of *Celebrity Rehab 1*, as well as in follow-up update interviews for *American Idol* Season 4.

In March 2009, Pinsky stated in interviews and on Twitter that he had presented Sierra with her one year of sobriety celebration cake and that she was "a new woman". He also noted on his VH1 blog that court-mandated treatment had saved her life. Then, on April 15, 2009, a Florida judge lifted the media ban restriction on Sierra. It was noted in court that she had tested clean and sober for approximately a year and a half. On April 29, two years to the date after her initial 2007 arrest, Sierra credited Dr. Drew Pinsky with saving her life in a taped interview. That same year, Sierra and other alumni of *Celebrity Rehab* appeared as panel speakers to a new group of addicts at the Pasadena Recovery Center, marking 18 months of sobriety for her.

Following *American Idol*, Jessica performed all over the world. She sang at many concerts and made several private appearances, including a special event in Kazakhstan. Jessica did concerts for charities such as the Special Olympics, and in July 2006 she visited U.S. soldiers in Iraq and Kuwait, performing six shows for an Independence Day celebration, including a Fourth of July show in Baghdad. In 2006, Jessica was featured in *OK! Magazine* and appeared on TV Guide Channel's *Idol Tonight*.

But then it was discovered that she had made a sex tape with a boyfriend by the name of Charles "C" Youngblood. First off,

THE POLICE REPORT OF THE INCIDENT STATED THAT SIERRA WAS OUT OF CONTROL, OFFERED A SEXUAL FAVOR TO ONE OF THE ARRESTING OFFICERS, AND VOMITED IN THE POLICE CAR.

Jessica's general appearance in the video isn't bad at all, even for porn; she doesn't just passively lie back and get pounded like other "celebrities" making sex tapes these days. Sierra clearly digs cock and the taste of her own pussy, so with a little cleaning up, she could easily make it as a legitimate porn performer.

Relaxing In The Shower

Jessica, sans makeup or clothing, is seen smoking a cigarette while sitting in the bathtub soaking herself. She talks about her youth and her time on *American Idol*, providing some anecdotes before heading off to the shower. Here the cameraman knows enough to zoom in on her pussy and capture her tits as the water pours down on her. She continues to smoke until soap time. Some guys like this kind of thing and while she looks really nice with the water glistening off her skin and soap running down her body, she looks even better the further we get into the DVD.

Driving Home Then Off To Bed

Jessica is then seen driving around town in her new car belting out some vocals to a song while promoting her website. She arrives at home only to head straight to bed, where she strips naked and engages in a

sizzling POV intercourse with her boyfriend. Despite a little camera shake, but still exhibiting excellent POV video skills, Charles captures Jessica doing some sizzling active riding. The scene works best when the camera is set on a chest of drawers, allowing the cowgirl action to be reasonably well captured. Sierra has a really nice ass and does some pussy-to-mouth between rides, her moans clearly heard thanks to no background music. The scene ends with some doggy and missionary positions before the boyfriend drops a small load on Jessica's beaver.

Idol Memories

Jessica begins talking about getting laid by a guy named "Niko Smith" from the show and displays a lot of bad attitude as she claimed he fucked "Yo Mama" a lot. Sierra also directs a lot of hatred towards *Idol* contestants Carrie Underwood and Constantine.

Cigarettes, Beer, and Sex

Next, Jessica and Charles are in a cheap, run-down motel, where she's seen sucking down a beer and smoking some more. Charles does a short POV session with her again, in the dark. The blowjob is short, but still has us wishing she'd pay a visit to our

schlongs. Sierra laughs while being drilled, the vaginal sex lasting just under 10 minutes before she sets her beer down and another load is fired off.

Motel Sex

Jessica makes a few comments about the *American Idol* judges (whom she was fond of), before sucking some more dick. It's a playful exercise with her using her tongue, before moving on to a solo masturbation show captured well by the cameraman. Charles joins her again to pound into her, but the action takes place almost in complete darkness.

Summary

Jessica Sierra Superstar is one DVD definitely worth picking up due to Jessica's worldwide notoriety and homespun sex scenes. Jessica, with a little more experience fucking in front of the camera, could definitely make it in porn and we're sure that several major hardcore studios would be glad to feature her in their smut. If you're a fan of *American Idol* or *Celebrity Rehab*, consider this a "must see" title for sure!

People don't usually make eye contact with **Ainsley**—because they're too busy staring at her big rack instead! It's only natural really—how can you pretend not to notice those swollen flesh cannons bursting out of her top? Ainsley's learned not to take it the wrong way either. "It cuts through the flirting routine—I can be fucking someone in five minutes!" That's one way to look at it...

**LET'S BANG THE
BABYSITTER!**

32096

April thought it was a little strange when her neighbors first hired her to babysit, mostly because they didn't have any children and they never actually left the house. But it was good money, and besides, there was something about Mr. and Mrs. Deville that made her virgin-pink 18-year-old pussy soak right through her panties every time she went over to their house. It was a Saturday afternoon and April was "babysitting" at the Deville's house when Mrs. Deville showed her how to touch her "fun button" and make herself cum. Of course, explained Mrs. Deville, there are some fun buttons that you just can't reach by yourself. That's when Mr. Deville came in and showed April how he pushed his wife's fun buttons with his rod. Then he offered to do the same for April! Soon, every childless couple in the neighborhood was calling April to come and babysit.

HIGH SOCIETY PRESENTS ON THE SET OF

A BIG DICK FOR A CUTIE

By Acme Andersson

ALEXIS VENTON

AVRIL HALL

NICKI BLUE

SASHA HALL

STARRING: AVRIL HALL, SASHA HALL, ALEXIS VENTON AND NICKI BLUE WITH XANDER CORVUS, BRUCE VENTURE, BRAD TYLER AND JORDAN ASH **DIRECTOR:** EDDIE POWELL **STUDIO:** NEW SENSATIONS

These girls surely are cute and the big dicks they take on are forces to be reckoned with. Turns out these girls enjoy some reckoning.

Three of these girls smell so fresh you'll think someone just opened up a jar of Porn Star. The fourth, we'll call her **Nicki Blue** since that's her name, is a robo-hootered hollergirl who not only gets her pussy refitted, but she gets an anal challenge that comes as a pleasant surprise. The others—**Avril Hall**, **Sasha Hall**, and **Alexis Venton**—stick with the pussy and there is incredible satisfaction in seeing these former innocents get stuffed.

Small muffins combined with overgrown cocks make *A Big Dick for a Cutie* a virtual masterpiece of a movie. The sweet stuff of our cream dreams, don't miss the look on these pretty faces when they take their holes where they've never been before.

ALEXIS VENTON

Big Dick: Brad Tyler

If we're going to be looking at cuties, Alexis is a fine way to warm up the eyes, not to mention the shorts. This girl just got home from school and she has something waiting for her: A big dick, attached to her curly-haired ramrod, Brad. She leans back against the window, the curtain pushed aside as his hand does the same with her panties, giving him access to her young snatch while she takes off her shirt, and anyone who can see in has a pretty damn good idea what's about to happen.

Soon she's sprawled across the desk filling her mouth with his cock, then she flips over, keeping the pecker in place, so he can give her puss some finger play. Her pussy wetter than his cock, she gets herself into position, pulls her own panties aside and shows him where he can stick it. Staring at him with her almond eyes,

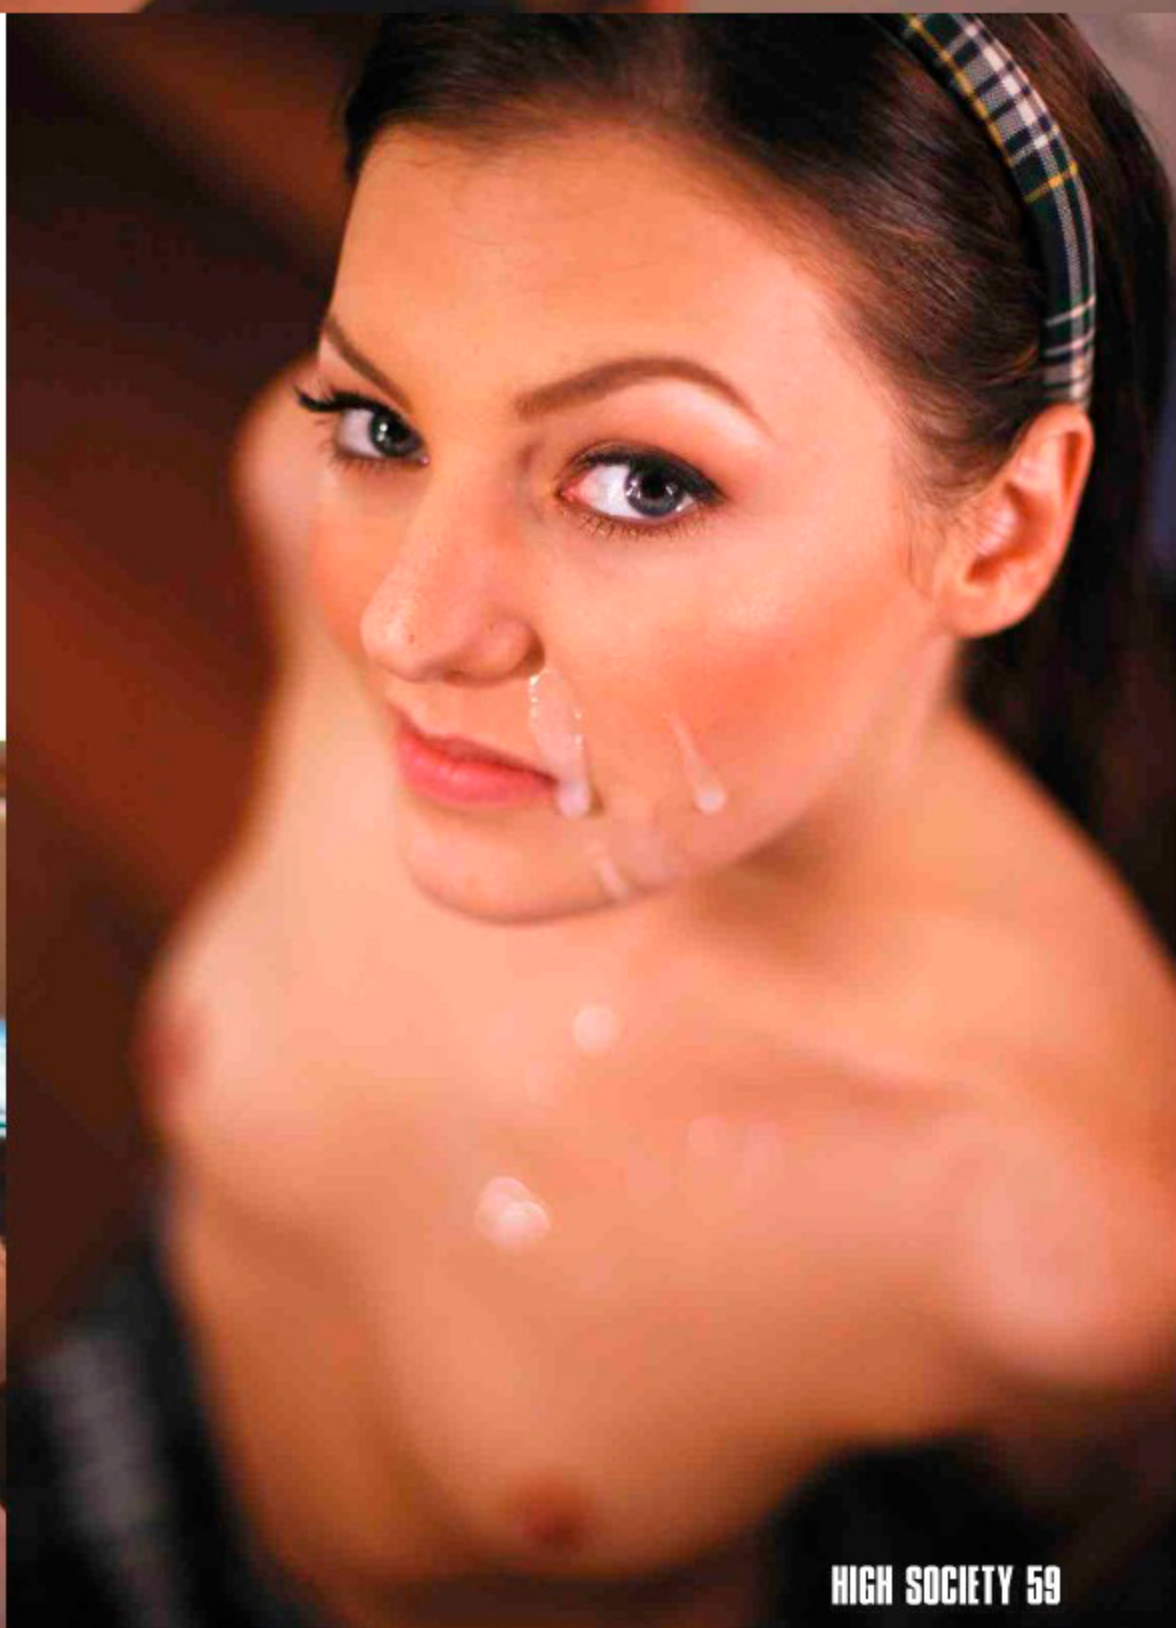

we can see how he is stretching her young gift box into something that will forevermore be more difficult to fill.

They go for the full fuck-around right there on the desk, the curtains still open, the small-chested Alexis cooing at how large his member is, the lips of her bald snatch pulling apart as she plays with her

clit, at least in those moments where she isn't feeling so stuffed that she can actually do two things at once. Finally, she rides and grinds him until he is on the verge of volcanic explosion, then and only then does she lower to the floor and place her face in front of his rod and take his loving feeling on her face.

Cutie Sated: The gorgeous Alexis Venton endures a massive beef injection before taking one on the chin.

AVRIL HALL

Big Dick: Xander Corvus

Avril is another cutie, though with a totally different look. Fair-haired, light-skinned, and with a beautiful smile that lights up her blue eyes, she is a girl who likes to quickly get down to business and her big dick, Xander, is ready to go as soon as he sees her wearing nothing but her panties and showing off her great ass for him.

They hit the ground running, Avril spreading her legs wide for his grand entrance, and her pink area is the perfect landing pad for his cock and just when you think she's not going to be able to take it all, it's gone—disappeared right

into that lovely gash of hers. He loosens her up with some missionary, then she gets on top and giggles a bit as she gets into place then she rides that pole, mounted strongly like she couldn't get away if she wanted to.

He does let her get away so that he can stretch that teen hole out from other directions and then he asks her if she's ever taken a man's load on her face. "Well, I don't know, I don't think so," the cock-confused beauty stammers. He tells her if she's not sure, she ain't never had it. He directs her down to her knees and drops a load on her face, creamy as can be. Next time she hears that question the response won't be so vague. This is a day she won't soon forget.

Fair-haired beauty Avril Hall has her tight, wet pussy drilled from every angle by the adroit Xander Corvus.

Hollaback Girl: Once Jordan found the loudness button in Nicki's butt, cast and crew resorted to earplugs on set.

NICKI BLUE

Big Dick: Jordan Ash

Cutie Ncki is definitely the most sex-pro type we come across in *Big Dick*. Solo she works the stairway like a stripper pole, her long legs doing the splits, one shooting straight up toward the ceiling, and she is no less acrobatic when cunt-fronted with a huge cock—just a lot louder.

Volume is no problem and Jordan seems to be able to turn her up or down by shoving his cock into her gash. Then he finds the loudness button in her behind and as he rams it to her ass she is

hollering to beat the band, and the band has no competition. It starts after he jackhammers her and she apparently feels no more damage can be done to her vagina, so she turns the page and mounts him, switching his cock from the front door to the back.

Jordan stands her up and presses her against the door, he piece lodged deep inside her back-end, Nicki still howling as her continues his relentless drive down her highway. When he finally reaches the end of the road, he pulls out from doggies and squirts on her ass, getting a little on the couch, which Nicki gleefully licks up.

SASHA HALL

Big Dick: Bruce Venture

Sasha is a camera-friendly lovely who looks like she's spent a lot of hours getting fucked while watching her own action in the mirror. But now she's moved on up to the big leagues, with big cameras and big cocks and she manages to keep that cool, model glow and stare about her except in those moments where we can tell that, as professional as she's trying to be, she still goes through her transitional moments, where that cock is as big as it looks and her young snazzola is still clenching tight as a vice and, "Wow, your cock is sooooo big!"

It doesn't look any smaller as he stands up and holds her close for one of those loving standing missionary positions and it's fun to watch her body so slender and ass so tight bouncing up and down, held only by his hand and his very stiff prick.

Sasha is quickly a readjusted girl and ready to get pounded from behind and Bruce gives her a pummel then gives in to Sasha's pleas to please cum in her young mouth. He shoves it in faster and faster and then pulls out, sending Sasha almost diving for his cock, which she finds just in time to swallow his load as she looks deep into the camera, imaging all of our loads going down her throat at the same time.

SCRUMPTIOUS

What makes **Melena Morgan** stand out from every other girl you've seen? Perhaps it's those long legs, supple natural titties, big blue eyes, and squishy tushy? Just a wild guess. It might be hard to put your finger on what exactly makes Melena the clear-cut choice for this month's centerfold, but it's pretty easy to imagine sticking your dick into this exquisite flesh specimen—cum and see for yourself!

TAINT MISBEHAV

IN'

DIRTY SLEAZE FROM ACROSS THE SEAS!

Klein pushed his face into the hairless furrow between **Domino's** legs and grunted. He stuck out his tongue and burrowed into her like a rat raiding a bird's nest full of stinking eggs. He stopped occasionally to rub the sweaty, oily ball muck that clung to his testes onto her lips while she scooped up the red-hot perfumed moisture from under her tits and playfully slapped him in the face with it, first making him take a huge huff of her tit stink. Her huge knockers listing like ships in high seas, she mounted Klein's mast and road him hard and dirty, taking him all the way in until he hit bottom. He spread her big wet ass and pushed himself even deeper inside her so that her ass cheeks clapped every time she came down on top of him. That's one big ass that's definitely worthy of applause!

CHASTITY LYNN

THE HIGH SOCIETY INTERVIEW

PORN VALLEY, CA—CHASTITY LYNN IS ONE OF THE MOST SOUGHT-AFTER PERFORMERS IN THE YOUNG GIRL GENRE. HER TALL, LEAN BODY, PERKY BOOBS, TIGHT BUTT, SHAVED PUSSY, AND “CUTE AS A BUTTON” FACE OFTEN CAUSE A BIT OF A DISCONNECT WHEN ONE WITNESSES HOW SEXUALLY-CHARGED THIS ACTRESS CAN BE ON SET, HAVING PERFORMED IN HER SHARE OF ANAL GANGBANGS. CHASTITY IS ALSO IN HIGH DEMAND IN THE BURGEONING KITTEN-COUGAR GENRE, BEING THE OBJECT OF DESIRE FOR MANY OLDER HARDCORE ACTRESSES. YET, FOR ALL HER HARDCORE WORK, CHASTITY, WHO’S BEEN IN THE BUSINESS A LITTLE OVER FOUR YEARS, STILL REMAINS ONE OF THE GO-TO GIRLS WHENEVER STUDIOS NEED A SEASONED PERFORMER WHO CAN NOT ONLY LOOK THE PART, BUT CAN DELIVER A SIZZLING, STROKE-WORTHY SCENE EACH AND EVERY TIME. CHASTITY HAS CERTAINLY DELIVERED PLENTY OF SEMEN-SPEWING, BALL-BUSTING SCENES FOR HIGH-END STUDIOS SUCH AS JULES JORDAN, EVIL ANGEL, AND ELEGANT ANGEL—COMPANIES NOT EXACTLY KNOWN FOR PRODUCING SOFTCORE CONTENT. CHASTITY VOWS SHE HAS NO PLANS TO LEAVE THE INDUSTRY ANYTIME SOON, SO THAT MEANS PLENTY MORE STROKING AHEAD FOR US HERE AT *HIGH SOCIETY*!

HIGH SOCIETY: *When did you realize you wanted to become a porn star?*

CHASTITY LYNN: It kind of just happened. I eased into it. I started out doing solo and girl-girl with this girl I met up in Seattle. Actually, it was the first girl I ever had sex with, and I was just starting to explore my own sexuality. It happened to take me into performing in front of the camera.

HS: *Do people mistake you for being much younger than you actually are?*

CL: Yes, definitely. [Laughs] I think it’s nice. I like looking young, especially since I’m starting to get a little bit older; it’s nice to have that.

HS: *You’ve gone from doing young girl-themed scenes to much harder scenes, such as the double penetration scene in Ass Factor 2 with Mark Wood and*

Toni Ribas. Did you enjoy doing that DP scene?

CL: I did enjoy it. Thank you, I’m really glad you liked it. It was a big week of anal for me, but I really enjoyed the scene. It was great. Once I got into it, it felt really good. I like working with both of them [Wood and Ribas].

HS: *Do you remember the first time you were DPed? Was there a lot of anticipation on your part?*

CL: It was off-camera the first time I ever did it and I know I didn’t like it at first. It took a while for me to get into it. I actually liked just having anal sex without the DP a lot more at first, and then once I got really comfortable with anal, I was able to get more comfortable with being DPed.

HS: *The ultimate scene I would want to see would involve you and Lexi Belle.*

CL: I’ve shot on and off for my own site *ChastityLynn.com* for the past couple of years. I’ve started to redesign my site recently. I’ve been working with an editor and a designer to get everything up and running. But I did last January hire Lexi to do a scene for my site. It was a lot of fun. It was Lexi, Roxxy Paige, and me. I love Lexi, I think she’s gorgeous.

HS: *What’s the best thing about being a porn star?*

CL: Getting to experience a lot of different people in different sexy situations. I definitely like that. Having the ability to role-play is fun, and having a lot of time and the freedom is also something I enjoy.

HS: *What’s the worst thing about being a porn star?*

CL: Days when you don’t necessarily feel like [working]. You have to suck it up and go and do it anyway.

HS: *How did you become proficient in Japanese and have you ever been asked to work in a Japanese adult film?*

CL: Yes, I have. I wouldn’t say I’m proficient. I can fake it and act like I can speak Japanese. I know words and I know a little bit of conversational

stuff and I can write the characters actually, which is cool. I've been able to write some stuff for a couple of Japanese guys that I met at the conventions, so that was fun. I've worked with several Japanese companies over the years. I can speak some dirty Japanese so that's always fun, too.

HS: *Are you a very dominant or submissive person?*

CL: I'm definitely submissive. I prefer men who are a little more dominant.

HS: *Ever do a gang-bang with five or more guys?*

CL: Yes. All my gangbangs will be up on my website at some point. I did a bunch

I actually liked just having anal sex without the DP a lot more at first, and then once I got really comfortable with anal, I was able to get more comfortable with being DPed.

for my website. Not all of them were DPs. My first gangbangs that are actually out, there's two of them, and both of them were for *hardcoregangbangs.com*.

HS: *Were the guys top-name porn guys?*

CL: I had recruited some guys to be in the gangbangs. One guy drove all the way from Northern California to do it. I don't know if I'm going back to doing that, so it might be something I do in the future. Once my website is up again people will be able to see the ones I had shot a couple of years ago.

HS: *Do you masturbate often, and who or what do you think about when you masturbate?*

CL: I think about all sorts of things. It depends. And I do masturbate a lot. I always use a Hitachi. I love it. I like rough sex. I like watching stuff on *kink.com*. I like watching gangbangs and DPs. I like to watch two girls play with each other and stretch each other's asshole open. Licking each other's asshole, I'm really into all of that.

HS: *Speaking of stretching, you've done a few scenes for Jay Sin at Evil Angel.*

CL: Yes, I love working for Jay. I've done a number of movies for him. He's definitely one of my favorite people to work for and watch.

scenes or don't you mind being booked for young girl scenes?

CL: I like being booked for Spinner roles; I like doing the hardcore stuff. I'm pretty much down for anything. I definitely love that I get to play a little bit more sexy Spinner than I was at first. I like the sexier stuff, but I really like doing whatever. I like people dressing me up and living out their fantasy.

HS: Guys who are just fans of your young girl scenes, for them it's generally a fetish and they probably don't watch your other videos. Does that creep you out when you know they have a fetish for young girl porn?

CL: I don't think it creeps me out. Honestly, I'm a pervert myself. Porn gives people a good outlet to fantasize. That's what it's all about. I think about sex a lot and I check out girls a lot. That's my general, perverted way of thinking I suppose. [Laughs]

HS: Because you're a porn star that doesn't mean you automatically get naked at the drop of a hat, but do you like being naked?

CL: I feel really comfortable being naked. I'm comfortable with myself.

HS: Have you ever had a one-night stand?

CL: Yes I have; less than 10, but probably between five and 10.

HS: Where's the sexiest place you ever had sex?

HS: What sexual fantasies have come true for you since you started working in porn?

CL: I would have to say my first gangbang was definitely a sexual fantasy I developed while I was in porn. Once it happened it was amazing. [Laughs]

HS: What actress in the business would you most like to have sex with and why?

CL: At the beginning of 2012, when I filled out my bio on Adult DVD Talk, I wrote about the girls I would like to work with.

[They were] Skin Diamond, Kristina Rose, and Katsuni. I repeated it a few times and I tweeted it. Since then I've gotten to work with all of them. I've worked with Kristina and Skin a couple of times. Then I did a scene with Katsuni and Kristina, which was amazing. So I accomplished that, and that was exciting.

HS: Going back to the whole young girl genre thing, do you eventually want to break out of that and focus on harder

31200

**I'm definitely
submissive. I
prefer men who
are a little more
dominant.**

CL: I had sex on a beach. That was pretty hot. It was under a blanket. I've also had sex in a public restroom in a fast food restaurant bathroom, wearing [the company's] hat. That was pretty dirty.

HS: *What size cock do you prefer?*

CL: It doesn't really matter to me; it's about how you use it and my connection with that person.

HS: *Describe your first experience having sex with a girl.*

CL: The girl I first had sex with was the girl who first got me into porn, and she was so hot! I love girls with dark hair and really light skin. She's actually in the industry.

Her name is Elle Idol. We were at a party and her friend was driving to get more beer, and she and I were hooking up in the backseat, and that was my first experience. I just remembered that she smelled so good.

HS: *What's one sex toy you can't live without?*

CL: A Hitachi.

HS: *You're mostly known for gonzo, but you've done a couple of features and parodies. What genre do you enjoy most?*

CL: I like doing it all. I don't mind being on-set for long periods of time, but I do enjoy doing the features and getting to

hang out with everyone. I definitely love just coming in and getting it done and getting out of there.

HS: *What's one superpower you wish you could have?*

CL: The ability to fly.

HS: *Name a male and female celebrity that you would most like to have sex with?*

CL: Jim Morrison. Female celebrities, they're all underage so I can't say. [Laughs]

HS: *Which of your movies should we look out for in the future?*

CL: I have scenes coming up from Beladonna, Reality Kings, Brazzers, and a

whole bunch of stuff for *kink.com*. I just did a feature for *Girlfriends Films*, so all of that will be coming out.

HS: *I know Girlfriends Films does a lot of Cougar-Kitten films. Do you enjoy doing those as well?*

CL: I've done a lot for *Girlfriends*. I love Tanya Tate and Cotton Candi. Those two are my favorites. Julia Ann is amazing and so is India Summer. I did a scene with India and Dana DeArmond and that was the first anal scene that I've ever done for *Girl-*

friends. That one was in *House Hunters 2*.

HS: *Do you see yourself still performing when you're 40?*

CL: No, I do not. [Laughs]

HS: *What does the future hold for you?*

CL: I don't know. I'm going to get my website up, I'm going to see where life takes me, but I haven't decided specifically what I want to do. I'm just leaving all my options open. I definitely foresee a lot of traveling in my future. If anything mainstream

comes my way then I'd love to do it.

HS: *Anything you'd like to say in closing to the HIGH SOCIETY readers?*

CL: Thank you so much for interviewing me. Stay tuned for my website.

THE CLOAKIE

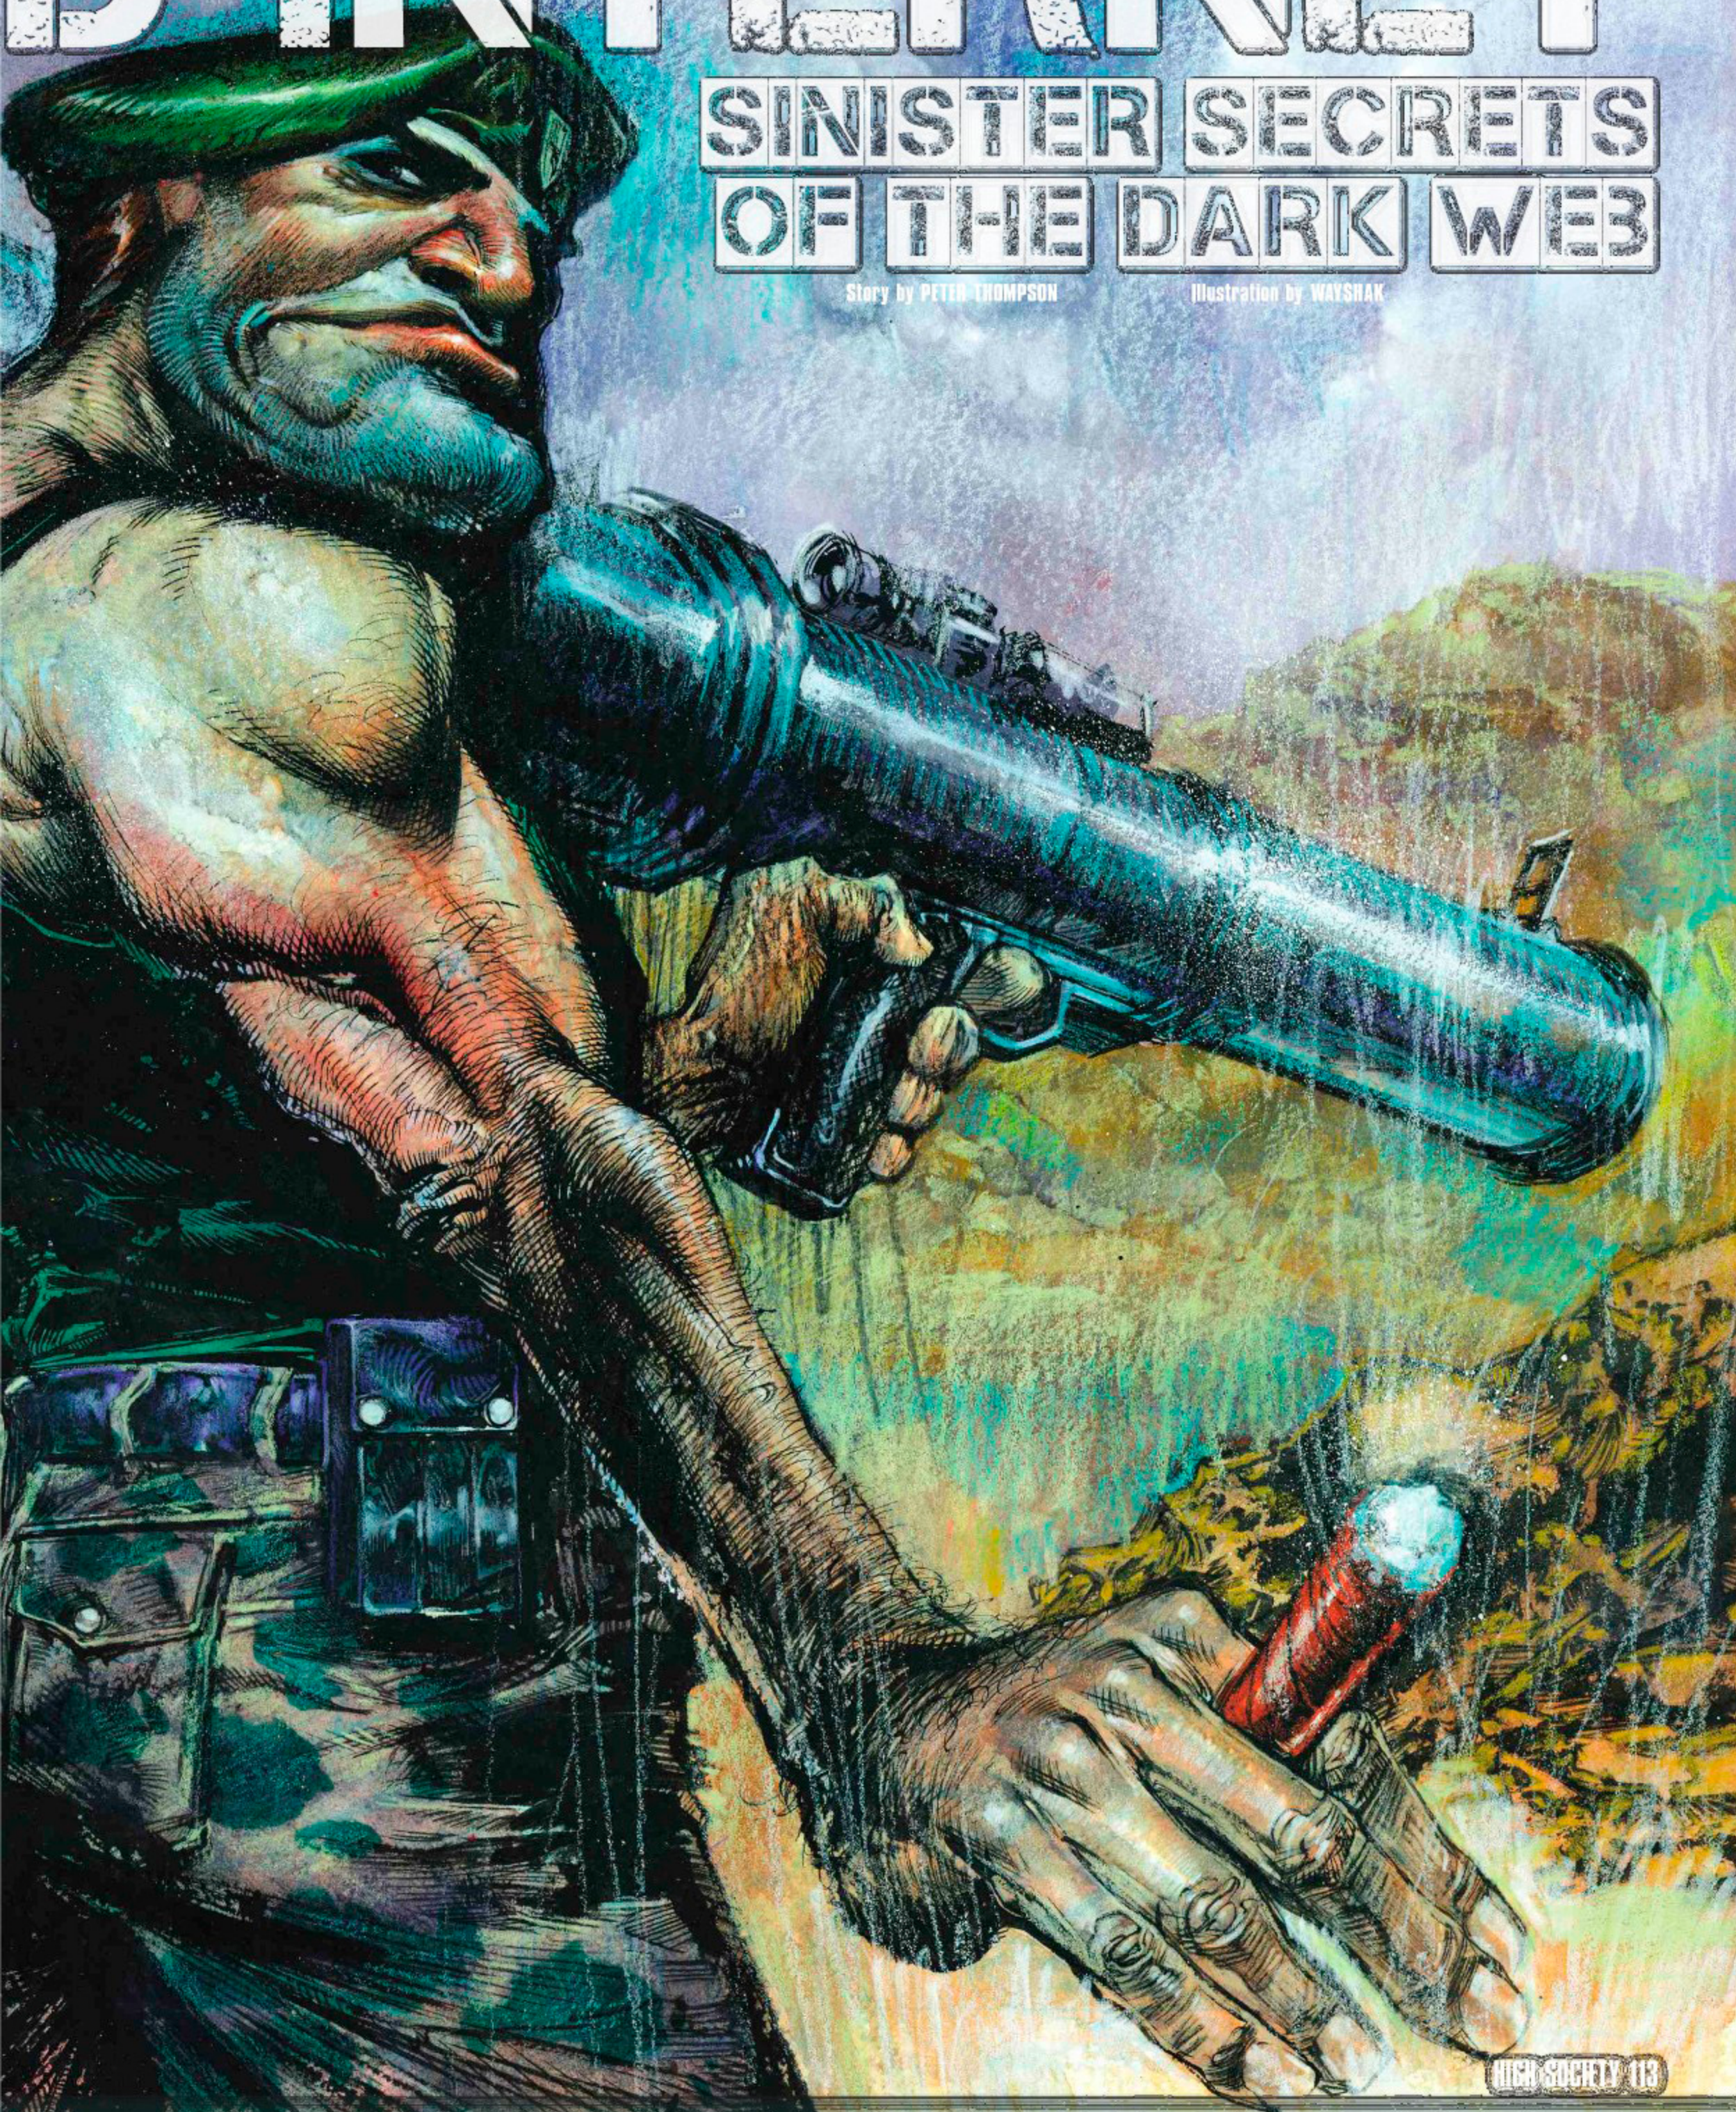

D INTERNET

SINISTER SECRETS OF THE DARK WEB

Story by PETER THOMPSON

Illustration by WAYSHAK

Not since the primordial Big Bang has there been a more influential and significant explosion shaping the state of the human universe as the emergence of the Internet.

Like any of the inspired and vigorous

pederasts rest their foul gazes, and hit men are hired like housepainters. The Dark Web is the Internet without the light of law. *The rules are: there are no rules.* It is a self-policed anarchical network run by volunteers who believe in the pursuit of happiness, no matter what kind of hell on earth it begets. It's

militarily speaking, yes. There was something on the site about a decommissioned Russian submarine for sale, but Viktor had a pretty large inventory of other products that he pushed hard. I'd heard that virtually *anything* and *everything* was available for anonymous purchase on the Dark Net, from kilos of

I'D HEARD THAT VIRTUALLY ANYTHING AND EVERYTHING WAS AVAILABLE FOR ANONYMOUS PURCHASE ON THE DARK NET, FROM KILOS OF PERUVIAN COCAINE, COUNTERFEIT EUROPEAN CURRENCY, TO NORTH KOREAN SLAVE CHILDREN.

revolutions that came out of the tumultuous 1960s, the World Wide Web was a wholly new, radical, and subversive challenge to the system that would eventually *become* the system—the new reality—essentially an overwhelmingly uncontrollable and borderless virtual state that could be used for extreme good, for extreme evil, and for extreme porn.

The World Wide Web is tool and machinist, sword and shield, a virtual landscape larger than any continent yet small enough to fit in the palm of a hand. With illusions of Internet anonymity, *netizens* have climbed down from the trees and stumbled out of the forest into an entirely new kind of existence—“online” living. In a word, because of the Internet we have devolved and become Hobbesian-style savages all over again.

On the surface, the Internet may seem like a sun-sized, giant dirty bomb bursting with celebrity gossip, bad music, trolls, innuendo, and pictures of Asian vaginas, but lurking just below, out of sight to 99.9% of Internet users is a dangerous underground world bathed in perpetual moonlight. Through anonymous, hidden tunnels that can only be accessed with special browsers, such as the Tor network [short for the Onion Router], there is a network of dirty rabbit holes that can lead Internet users into opium dens full of criminals and spooks—a world that exists in a lawless state of perpetual Halloween where the information superhighway looks less like a high-tech 21st century piece of infrastructure and more like a tailgate party at an Oakland Raiders home game. It's a Wild West of anonymity where road warriors rule. Here, political dissidents foment revolutions and make secret moves against dictatorial, repressive governments such as those in Tunisia, Egypt, and Libya in 2011 (*nice work, by the way*). Here drug dealers sling dope in wide-open marketplaces,

evocative of a failed, fractured state and crude civilization. Some really bad shit goes on here, but like New Orleans during Hurricane Katrina, it's kinda fun to watch.

DO THEY SELL SLAVES ON EBAY?

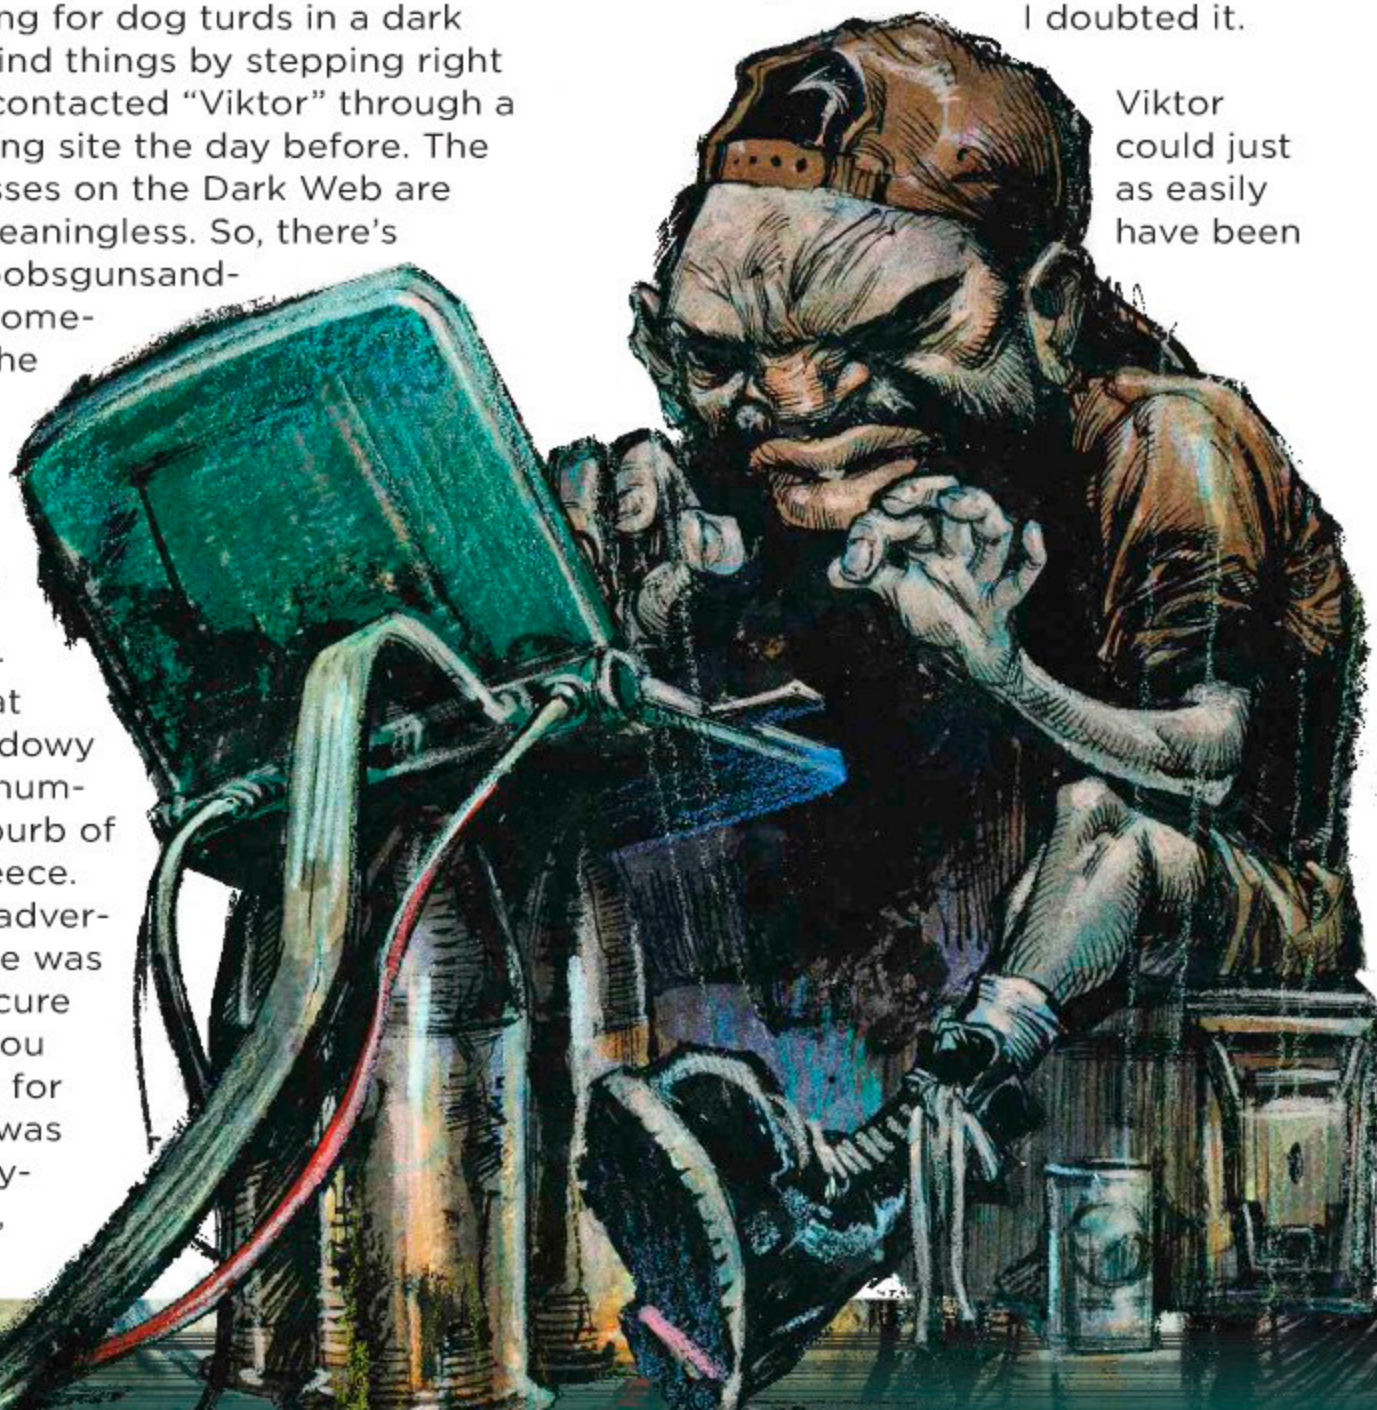

Before my arms-dealing Ukrainian underworld contact “Viktor” tried to sell me some Russian-made MON-50 antipersonnel claymore landmines for \$950 each, the most alarming item I'd ever seen offered for sale online was the back half of somebody's unfortunate taxidermied feline—literally the ass-half of a housecat with a working doorbell sewn into its fluffy little butthole for \$200, plus shipping.

There's no Google, Yahoo! or Bing on the Dark Web, so exploration is much slower and less methodical. It's more like searching for dog turds in a dark yard—you find things by stepping right on them. I contacted “Viktor” through a crude-looking site the day before. The URL addresses on the Dark Web are long and meaningless. So, there's no typing *bobsgunsand-drugs dot something* into the search bar and going there. Within 24 hours, I got an email from a non-account that listed a shadowy cell phone number in a suburb of Athens, Greece. Viktor had advertised that he was able to procure “anything you want I have for sale” and I was curious. Anything? Well,

Peruvian cocaine, counterfeit European currency, to North Korean slave children. I wasn't really in the market for drugs or in the mood to take on a starving dependent, but I did want to check prices.

Once Viktor's phone started ringing, I immediately became skeptical about who would actually answer the phone. I recognized that “Viktor” could've easily been a coffee-sipping CIA spook in Northern Virginia putting on an accent and trying to entrap me in some bizarre terror scheme. DARPA (Defense Advanced Research Projects Agency) had more than just a helping hand in the development of the Web, so could there really be anything *that* close to the kind of pure anonymity promised by the Tor browser? Would the government really allow anything they invented to get that far away from them? I doubted it.

Viktor could just as easily have been

a tin-foil-hat-wearing kook in some desert trailer park who had stopped taking his meds and was living off storable food and waiting for the End Times.

Or, he could've been exactly who he said he was—a Ukrainian-born ex-military intelligence officer with access to high-grade battlefield weapons—a dealer in the “rare and exotic electronics” business.

A deep, heavily accented voice answered the phone and demanded to know who told me to call and what time it was where I was calling from. “Viktor” told me his name was “Phillip.” I told him that my name was “Buster” and that “Spencer” sent me. It was a game

Later, I'd find out from a follow-up email that claimed to be from a guy who had actually purchased a handful of assault weapons from Viktor that the weapons were broken down and hidden in furniture. The email said

threaten and menace us with, but it's the small arms that actually do most of the killing. That's his sales pitch.

Viktor quickly hangs up on me when he realizes that he's wasting his time with a crank with \$200 in his bank account, a person who really has zero interest in buying weapons of mass destruction.

If a customer can agree on a selling price with someone like Viktor, they can't just give him a debit card number or email him their PayPal address. All of the merchants on the dark web accept payments in the digitally furtive, anonymous Internet cryptocurrency called Bitcoins.

Supposedly, Bitcoins cannot be traced back to the buyer or the seller, though even the inventors of the “illegal tender” say that buying something illegal with

WOULD THE GOVERNMENT REALLY ALLOW ANYTHING THEY INVENTED TO GET THAT FAR AWAY FROM THEM? I DOUBTED IT.

of name chicken. After a bit more telephone chess, he finally came right out and told me he was expecting a shipment of grenade launchers, Bazalt RPG-29s, supposedly a second or third generation Russian-made anti-tank and armored personnel shoulder-fired weapon. The RPG-29 is a nasty little weapon capable of doing some serious harm: a single shot, reloadable weapon capable of penetrating armor and putting a hole in five feet of reinforced concrete at 500 meters, according to information I found on the Internet after the call. But it sounds like so much bullshit. Who would really try to telemarket RPGs?

Viktor is firm about \$6,000 for the launcher and \$2,000 a piece for each warhead. That is, as far as I can tell, about a 1,200% mark-up from MSRP [Manufacturer's suggested retail price]. I tell him I'm mostly interested in buying a submarine, though I'm worried about shipping costs for such an item. Fed Ex won't exactly work for this type of purchase.

Apparently, Viktor has some connection inside the U.S. military, as he explains that the bulk of his shipping is actually carried out aboard U.S. military Hercules aircraft, and home delivery of a weapon like the RPG he really wants to sell me would be made by a local military moving service and could be in my hands in no more than 10 business days. “Shipping is included in the price,” he says.

who inhabit the Internet's so-called dark marketplace, Viktor sells much more than bazookas. He obviously was a dealer in wholesale bullshit. The whole thing stinks like Third World pussy. I'm supposed to send this guy thousands of dollars in a highly unconvertible currency that will leave no trace and sit at home waiting for my rocket launchers to arrive?

Most of the worldwide conflicts, according to the email source, the

them is not a very smart idea.

The current exchange rate is about \$10.45 to one Bitcoin to buy and \$9.80 to sell, meaning the grenade launcher plus four warheads would cost \$1,330.97 in Bitcoins.

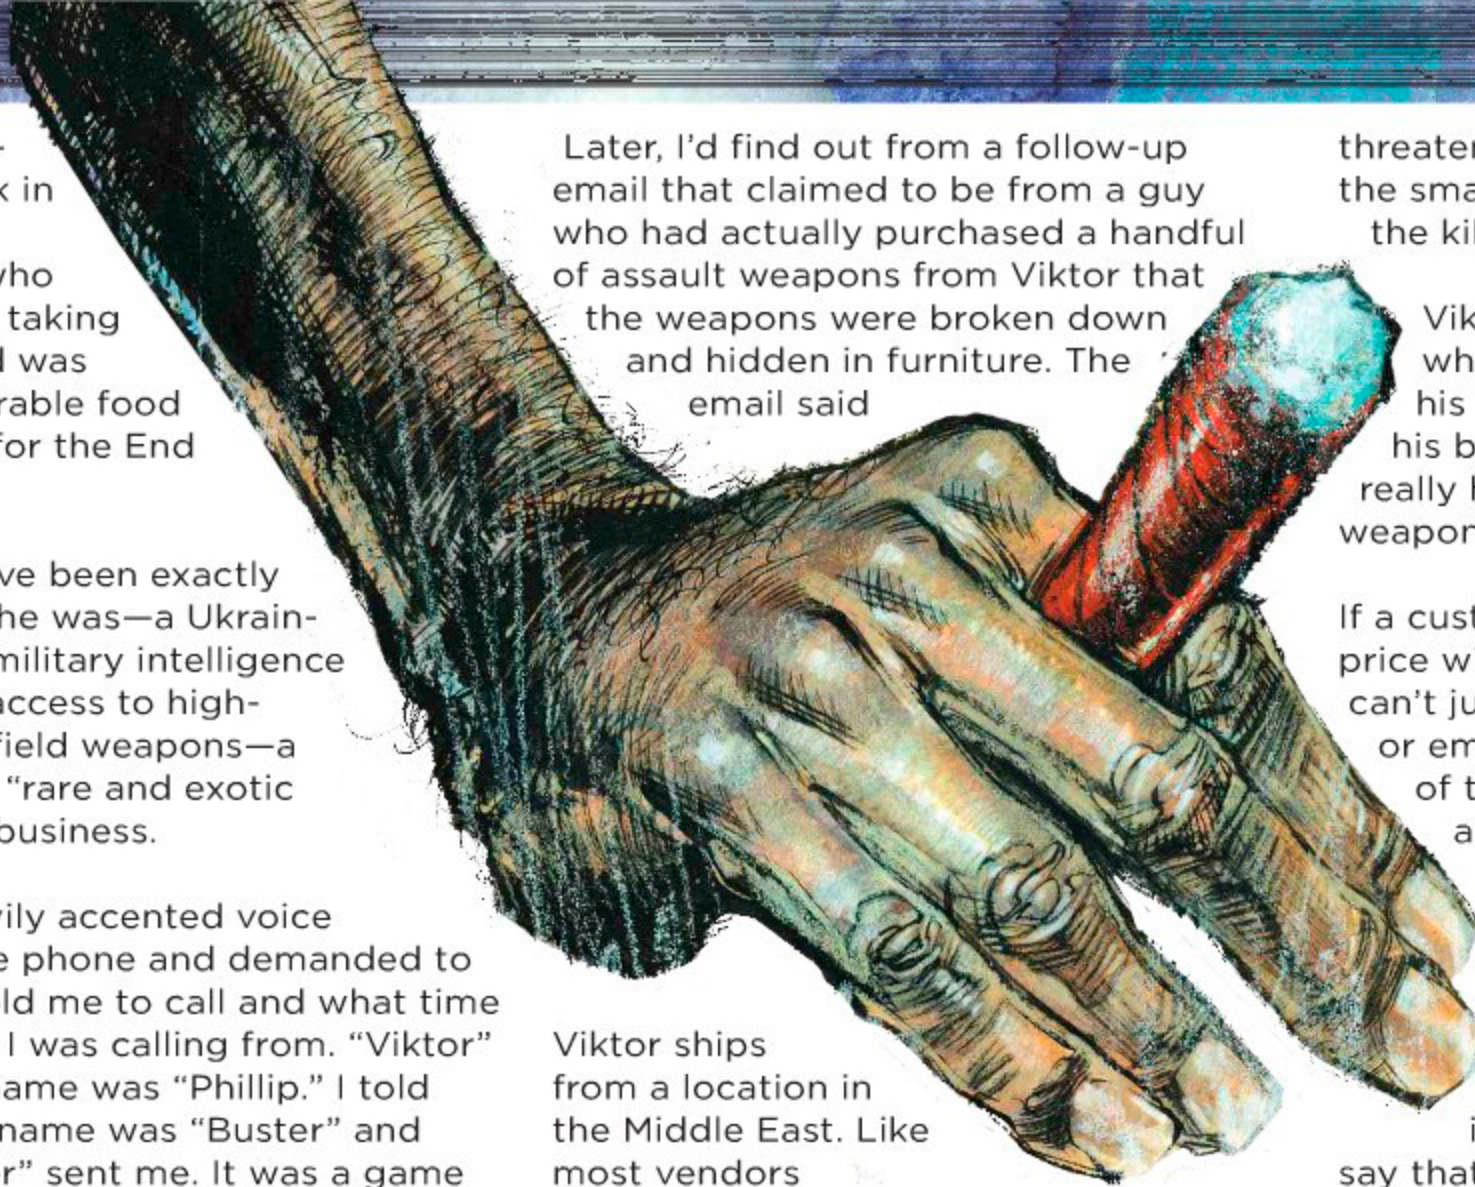

Again, as I browse around a site called Silk Road, essentially an *amazon.com* for hard drugs, it occurs to me that as the brain-child of the military industrial complex, the Dark Web cannot be as anonymous as it promises, although all the sites do seem to be heavily encrypted.

Silk Road perpetuates itself with customer trust because it supposedly shows feedback from every seller. If someone takes money for a kilo of Mexican black-tar heroin but doesn't ship it, then they'll be blacklisted out of business. Supposedly.

Again, I'm a little skeptical. Though I've heard from secondhand sources numerous stories of people who have scored drugs on Silk Road, no problem. Still.

Certainly, if parts of the government are okay with bringing in cocaine by the plane load and shipping guns to drug cartels in Mexico, then it doesn't seem unreasonable that those same parts of the government know exactly what goes on behind the veil of the mainstream Internet and tacitly approve. My

thousands that have raged in the last few decades, have been powered by the kinds of small arms and weaponry that Viktor sells. We fear the dirty bombs and chemical devices that the terrorists

instinct says that some of the people selling drugs on Silk Road are probably, in fact, dirty cops or dirty customs officials with sticky fingers—troopers who can't keep their hands out of the evidence lockers. It makes sense—who else would benefit so much from being able to sell large quantities of dope with complete anonymity? After all, a well-known cop can't just set up shop in

carries analogous legal penalties to carrying a concealed vial of military-grade anthrax in a thermos made of black-tar heroin and bath salts while wearing a Jerry Sandusky mask in a kindergarten school zone.

Last time I checked, a conviction for conspiracy to acquire such a weapon carries a maximum penalty of life in

he'll steal anything you request and sell it to you for a steep discount.

"Here's the deal: You want something expensive but don't have enough money. I'm good at stealing and I need money." The person then gives a shopping list of stores where they're comfortable that they can steal from as well as an encrypted email address

AFTER A BIT MORE TELEPHONE CHESS, HE FINALLY CAME RIGHT OUT AND TOLD ME HE WAS EXPECTING A SHIPMENT OF GRENADE LAUNCHERS, BAZALT RPG-29S, SUPPOSEDLY A SECOND OR THIRD GENERATION RUSSIAN-MADE ANTI-TANK AND ARMORED PERSONNEL SHOULDER-FIRED WEAPON.

the city he works in. Another so-called anonymous big drug site called Farmer's Market was shut down about a year ago, yet others like Silk Road are still in business. It probably stands to reason that the online drug trade is in the hands of the bad guys who pose as the good guys.

I don't pursue anything more with Viktor and his big sale on RPGs. Though the Founding Fathers promised in the Second Amendment that "the right of the people to keep and bear arms shall not be infringed," I imagine that doesn't include the right to buy and sell

advanced
Russian
military
weaponry
like the
RPG-29 and
very

prison or a \$2 million fine—or both. Try explaining that one on your application for your next job at Home Depot.

The ATF (Bureau of Alcohol, Tobacco, Firearms and Explosives) and various in-league alphabet agencies including the department of Homeland Security (H.S.) report that Mexican drug outfits like the Sinaloa Cartel are actively seeking to import such weaponry to use against rival "trade associations." I'm sure Viktor does a brisk business, whether it's bullshit or not. You can't exactly go to the Better Business Bureau and lodge a complaint if someone doesn't send you the right kind of landmines. The whole process reminds me of dealing with foreign hookers—at some point, one of them is going to take your money and there's really nothing much you can do except deal with it.

As I'm browsing prices for other high-tech Russian-made weapons in the Waziristan of the web, I come across a guy willing to murder anyone for just "\$20,000," another site allegedly detailing supposedly ongoing Mengele-like medical experiments being done on homeless people and illegal immigrants, including one called "Fetal Tolerance of Bleach."

A self-described master thief who calls him or herself "Buttery Bootlegger" advertises that

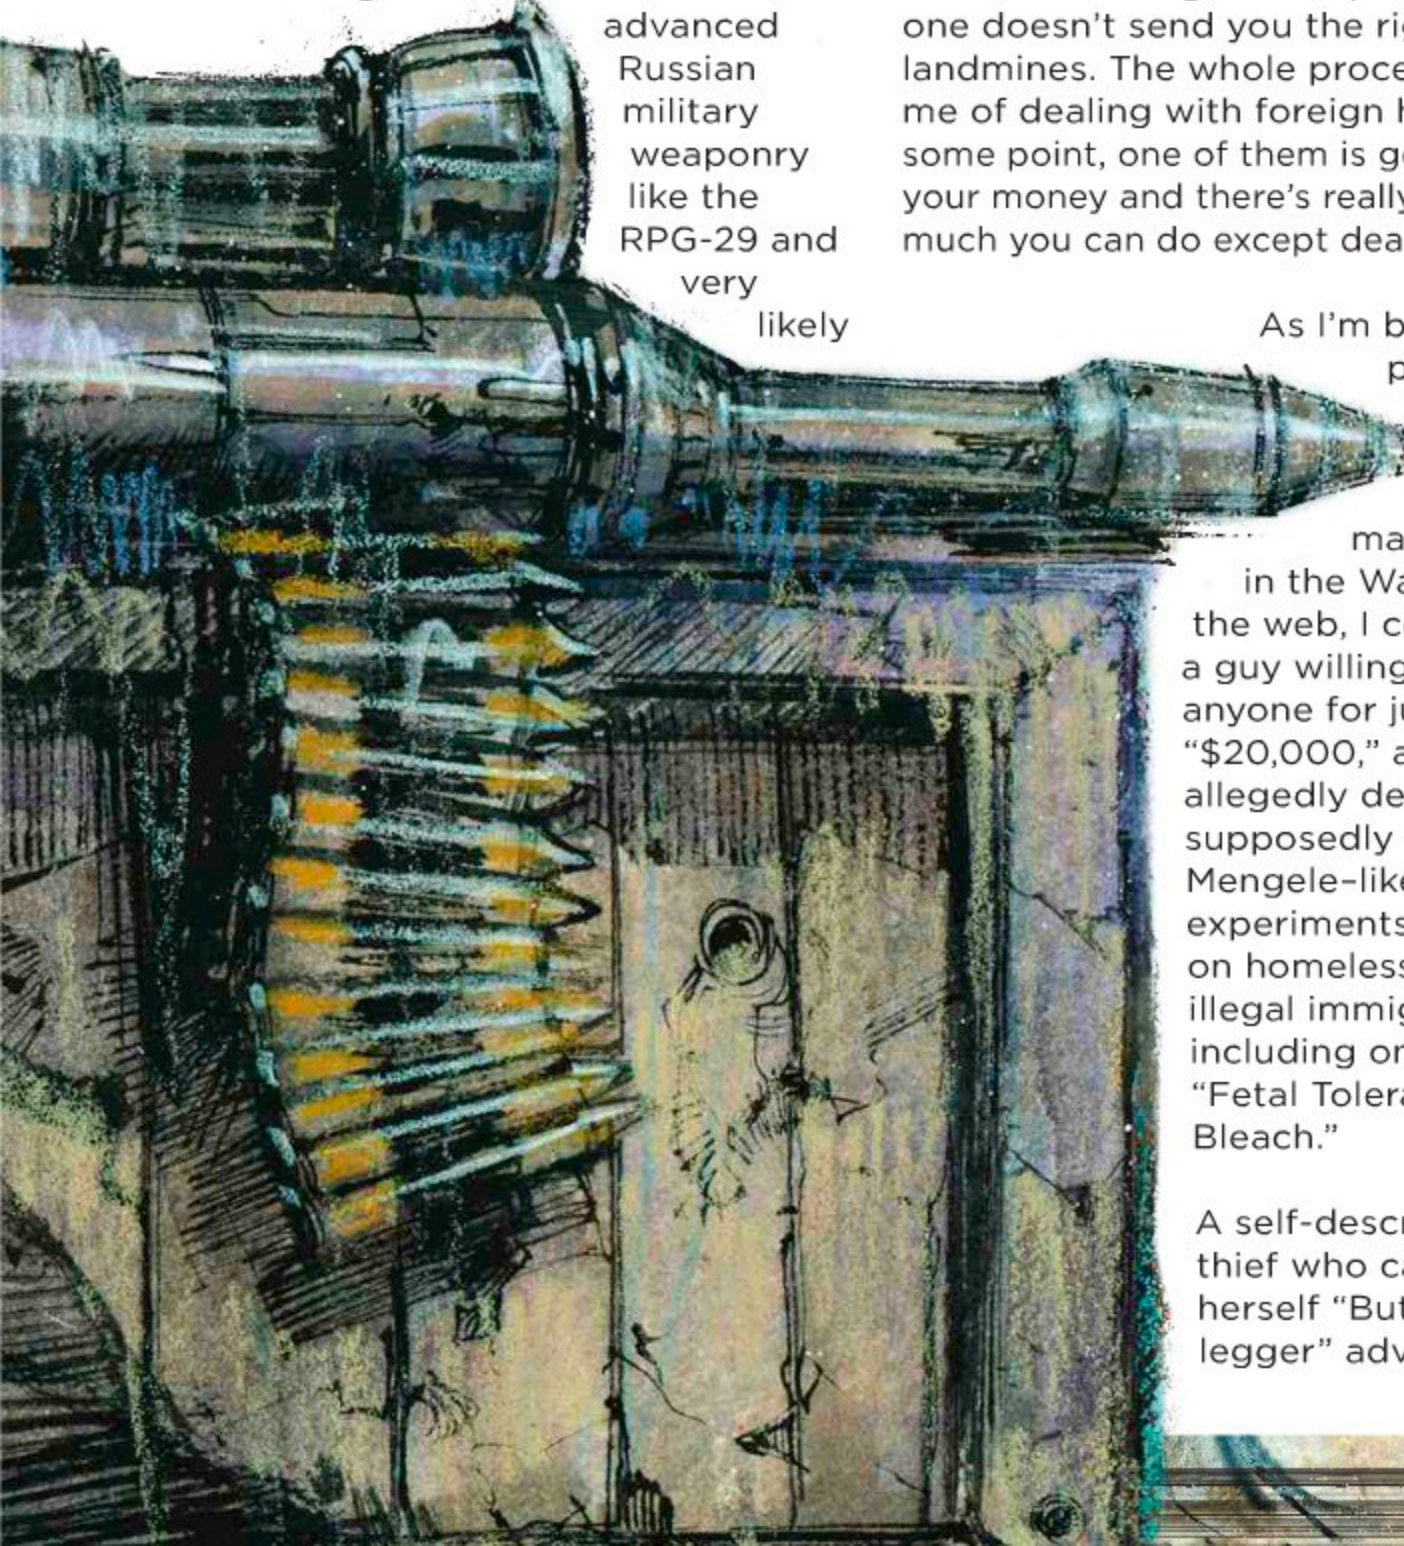

where you can contact "Buttery Bootlegger" to negotiate the procurement of the item of your choice in exchange for Bitcoins. There are several "pre-stolen" items for sale, including a used MP3 player, and two remote control toys.

All evidence to the contrary, the mainstream World Wide Web is actually much more than a \$35-per-month masturbatory aid.

Many anthropologists and cultural analysts (some would say the ones who are "optimistic," others would say those who are "astoundingly naïve") believe the virtual black frontier to be the last best chance for a truly democratic social institution that allows for complete freedom of thought, expression, and the unmolested exchange and free flow of ideas—a virtual public marketplace with no barriers.

Just four decades after it was developed, the Internet is the prime world economic engine powering the Information Age and now links billions of computer users around the world. But every single move you make online is tracked, recorded, and stored, in the name of national security.

As if Facebook and your email service didn't know enough about you, your online behaviors, the contents of your private correspondence, and all the sites you've visited, the U.S. government has one-upped them all in the field of senseless mass-data collection. To that end, Uncle Sam has quietly turned the small desert town of Bluffdale, Utah into a gargantuan \$2 billion storage center for *everything*. The one-million-square foot complex full of high-tech servers will be powered by an estimated \$40 million worth of electricity every year and is designed to

store and retrieve trillions of phone calls, emails, and Internet histories of anyone and everyone who's online. The Utah Data Center will be the new brain of the National Security Agency's surveillance centers—in the name of battling the evil specter of terrorism, of course.

You are against terrorism, aren't you?

HOW MUCH IS THAT CRACK PIPE IN THE WINDOW?

Silk Road has easily been the most sensationalized and is one of the sexiest sites on the Dark Web. It's a good place to buy large quantities of hard drugs, like heroin and cocaine, but also has vendors hawking esoteric psychedelic drugs like DMT (Dimethyl-tryptamine).

In the real world, the issues associated with copping the drug of your choice is bounded by the type and quantity of the drug that you seek as to exactly what type of damaged personalities you'll be dealing with. If it's crack you seek, you'll be entering a world of

Spongebob with full-on paranoia, while a guy on bath salts is locked in the bathroom eating his friend's vitals.

Heroin is about waiting for the man, as the Velvet Underground sang. Always waiting—and then needing to use as soon as you score.

All of which involves some longer period of waiting.

Which is where Silk Road starts to make less sense and become an even worse than bad idea—with the introduction of the postal service into your drug procurement equation. The whole idea of including one more moving part in the equation, the utterly incompetent USPS and its legions of lazy bastards and serial-killers-in-training, people that cannot get fired no matter how miserable they are—people who take breaks on their way back from their breaks—these are the people now charged with delivering your precious drugs to your mailbox?

Remember David Berkowitz, the Son of Sam, a maniac postal killer serving 365 years in prison (and who might very well still be receiving a USPS paycheck)? At one point in the investigation, he decided that the police needed some help in catching him so he wrote them a letter. But even he didn't trust the postal service to get the letter delivered correctly, so he left it at the scene instead.

It may be real, but it doesn't make real sense. But Silk Road slings much more than dope. You can buy drivers licenses from virtually every state, European passports, skeleton keys, burglary tools, counterfeit money, made-to-order computer viruses—virtually anything and everything a deviant could need or want. There's even one jackass who sells personalized poems.

To get to the Dark Web, you need to enter through a special portal that masks your IP address and makes you and your activities virtually undetectable. It's a system that links up random nodes and makes it impossible

ALL OF THE MERCHANTS ON THE DARK WEB ACCEPT PAYMENTS IN THE DIGITALLY FURTIVE, ANONYMOUS INTERNET CRYPTOCURRENCY CALLED BITCOINS.

guileless thugs with names like "Lightbulb" or "Slick Lips," where at some point during the transaction some kind of Tyler Perry-themed scratch-off lottery tickets will be introduced by some poor fool with no money in the hopes of copping a rock. The first of the month is a golden age in the crack biz when everyone has money and things are good.

A person on the lookout for some sticky purple chronic will have to endure the stoner economy, where six p.m. means whenever we get done hacky sacking or playing Ultimate Frisbee and your senses will be assaulted at some point by a room full of people sitting on the floor marinating in their bullshit attitudes, not really talking to each other and listening to Dave Matthews. Some unshaven dude whose claim to fame is that he has a black friend with dreadlocks who will sell you \$40 worth of pot and expect you to share it with him. Tweakers have to go see the most unreliable people on the planet to score, usually a guy in his pajamas watching

A dope fiend doesn't want to wait until next week for a package that may or may not arrive in his mailbox. Being at the mercy of a postal worker while strung out is like being on your deathbed and finding out that your attending physician is a pregnant cow on ice skates.

to trace a packet as it traverses over the network—meaning, there's no client/server verification. You can get guns, drugs, illegal smut, new identities, fake documents, pretty much whatever you want. But it's like wandering into a war zone. There are desperate people on the other side. The UN World Drug Report for 2011 says the total drug economy is over \$400 billion per year, that's about 8% of all international trade. Some estimates put the number closer to a trillion dollars a year. Silk Road is the biggest drug market on the Dark Web, and it does, maybe, a couple million dollars of trade per year. That's something like 0.000002% of the total market. And there's always the possibility that the whole thing is a trap. The buyer really has to beware, but so does the seller. And probably even the browser. There are enough drugs and taxidermied deer-ass doorbells on the *known* side of the street rather than risking it all on some shadowy visage.

The Dark Web is an interesting place to visit, but I wouldn't want to die there.

HUMPIN' HOUSE

WIVES

Being a modern homemaker in the user-friendly 21st century usually presents a woman with all sorts of challenges, namely: exactly how morbidly obese can I get before my husband either kills himself or leaves me? But **Tonya, Syren, and Kerry** aren't about to let themselves slowly morph into piles of cellulite and blubber. This tawdry trio of real horny real housewives make a habit of getting regular exercise while their husbands are at work. They hang out at the gas station down the street and solicit sex. This morning they've hooked a bank manager and a drunk on the dole to help them get their hearts pumping. Experts recommend at least 60 minutes of cardiovascular exercise every day, which usually means these gals are going to be making several trips. Sure, their holes aren't quite as tight as they used to be, but even after 10 years of marriage they're all still entirely fuckable pieces of ass, which is a small price to pay!

JAGUAR MEETS COUGAR

The classic pose of a slut spreading on the hood of a vintage car—a timeless treasure if ever there was one! In this case **Alexa** is a bit of a timeless treasure herself, with this MILF's orbital globes and meaty clit rubbing all over this turbo-powered, fuel-injected machine. The similarities between high-performance vehicles and hot-performance vixens are many—beaaait never gets old to take them for a ride!
